

Long Creek Church of Christ

The purpose of the fellowship ministry is to provide activities which lead to mutual edification among the members. This ministry is led by Bob Cairns, deacon. Most of the committee members are ladies of the congregation who plan and support social events throughout the year. Almost all of these activities revolve around food, the family life building and its kitchen, as well as the outlying athletic field and surrounding grounds. This ministry maintains the kitchen, including disposable supplies. Fellowship is often a supportive ministry for meetings and other educational activities of the congregation, all designed to bring glory and honor to God.

**Did you notice how many passages
they used to prove
their ministry authorized?**
