

TEN WAYS TO GROW UP AND GO TO HELL

1. Demand a Bible that reads like a comic book.
2. Read it as little as possible.
3. Study it as little as possible.
4. Remember that you are only young once – “live it up.”
5. Never accept rebuke from anyone.
6. By all means, “work” and “worship” with a church that seeks to entertain you.
7. Do not take Bible class seriously.
8. Treat worship lightheartedly.
9. Learn to excel in making excuses for not attending every assembly of the church.
10. Hang around with people who are not Christians – or better yet, marry one.
